END OF TRACY.

Kills Himself to Avoid Being Taken Alive.

The Most Daring and Desperate Criminal of the Last Decade.

Spokane, Wash., Aug. 6.—Harry Tracy, escaped convict, murderer, outlaw and desperado, is dead. The man who has for weeks and months defied the law, and exhibited the most wonderful daring, is now as harmless as a babe. The man who made his escape two months ago from the Oregon State prison, since which time he has killed four of his pursuers, murdered his fellow-mate in crime and wounded a number, ended his own wretched life in a wheatfield near Fellows, a few miles from Spokane, at 4:30 this morning.

A short time prior to his suicide he had engaged in a battle with a posse of pursuers and received a wound which disabled him and rendered him an easy prey to the army of manhunters constantly on his trail.

Seeing that capture was inevitable, the fired a bullet through his head.

Following the direction in which Tracy made his escape, the posse came upon his lifeless body, a ghastly wound telling the tale.

The trusty revolver was still tightly clutched in his hand; his rifle, with which he has laid several faithful officials low and routed many possses, was lying near him on the ground.

Thus the ambition of detectives to take him alive and gain a world-wide reputation was thwarted.

PENITENTIARY SENTENCE

Completed, When Party Was Rearrested for Forgery.

Hudy Waggoner, who was sent to the penitentiary from this county for grand larceny, served his sentence of one year and returned to the Caskey neighborhood about a week ago.

Waggoner was also under indictment for forgery and an officer arrested him Wednesday and placed him in jail here.

He is charged with "raising" a \$6 check to \$10. The check was given Waggoner by Mr. Holland Garnett, a young farmer.

CAMPMEETING BEGINS.

Cascade Camp Grounds at Sebree Alive With People.

The Sebree Campmeeting began at Cascade camp grounds yesterday with a good attendance. A large number of tents are up and preparations have been made to entertain all who may go. The meeting will last about two weeks and there will be preaching both day and night.

Several from this city went down to be present at the opening of the series of meetings and others will go a little later along.

LIVED TOGETHER

Less Than a Year And Plaintiff Alleges Abandonment.

Jas. F. Addock has filed suit for divorce from Elizabeth Addock. The plaintiff states that he and the defendant were married in 1901 and that they lived together until August of the same year, at which time she abandoned his home and has not since that time lived with him.

Narrow Escape.

News reaches here, unaccompanied by any of the particulars, to the effect that Miss Hallie Edmole Rives got mixed up with a starboard while boating on the Delaware river recently and narrowly escaped drowning.—Times-Journal.

The figures above are but little changed from those heretofore published.

The democratic Executive committee of the Second District will meet at Dawson Springs to-morrow to canvass the returns and officially declare the result.

As there will be no contest, its duties will be merely formal.

The expense accounts of the county chairmen will be audited and paid. The election officers have already been paid, the sum of \$688 having been set aside for that purpose.

Hon. A. O. Stanley will not attend the meeting to receive in person the official notification of his nomination. He will leave tonight for a trip to Salt Lake City and will send a written acceptance of the nomination. He is worn out by the canvass and his physician recommended an entire change of climate as a necessary step to bring about a speedy recovery from the condition of nervous prostration in which he finds himself.

TANDY-VAUGHN.

Popular Young People United in Marriage Monday Night.

Mr. Gus P. Tandy and Miss Jessie L. Vaughn were married at the home of the bride's parents, on Brown St. Elder H. D. Smith performed the ceremony in the presence of a limited number of friends and relatives of the young people.

The groom is city tax collector and is one among the most popular young business men of the town. He has been with J. H. Anderson & Co. for several years. His bride is a woman possessed of rare beauty and is exceedingly popular with a wide circle of friends. Mr. and Mrs. Tandy have taken board at hotel Latham.

THE WEED.

No Material Change in Status of Local Market.

Tobacco sales this week were about the same as those the week before, a report of which appeared in the KENTUCKIAN. While the sales on the breaks were not large, considerable of the weed was disposed of privately. Only leaf tobacco is being offered now, as about all the lugs have been sold. Prices remain unchanged. The growing crop is very uneven and is being cut short on account of lack of rain. From present indications there will not be more than 70 per cent. of a crop in the dark tobacco district and this estimate may be too high. Worms have made their appearance in some sections of the county.

NEW AGENT.

Mr. J. C. Hoee Succeeds Mr. R. M. Slater.

Mr. J. C. Hoee, of Louisville, has succeeded Mr. R. M. Slater as agent of the L. & N. in this city. He is said to be an experienced and capable man. Chas. L. Daniel will continue in the position of assistant agent.

KILLED.

Fatal Accident on a Trestle at Dawson.

At Dawson Springs Wednesday five women, visitors at the springs, were run down on a trestle by an Illinois Central freight train. Miss Johnnie Smith, of Paducah aged 19, and Miss Lucy Stevenson, aged 19, of Hickory Grove, were killed. Miss Fredonia Flynn, of Paducah, Miss Edith Stevenson, of Hickory Grove, and Miss Annie Nichols, of Lowes, were seriously injured, and Miss Flynn died a few hours later.

BOREING RENOMINATED.

His Opponents Were Seemingly Not in the Race.

London, Ky., Aug. 4.—The returns tonight show that Hon. Vincent Boreing has been renominated for congress from the Eleventh district by the Republicans by an overwhelming majority. Colson only carried one county which was Bell. Parker was hardly known in the race.

A Frequent Lament.

All that is mortal of Jack Russell—heroic, unassuming Jack—now lies among strangers in far-away Manila. Peace to his ashes. If every one to whom he has done some kindness would place upon his tomb a rose, he would sleep beneath a wilderness of flowers.

Such is the lament of the Todd County Times over the vain loss of one the community highly prized. And that is but one instance. Others abound in every section of the United States. Four thousand coffins were shipped from San Francisco to Manila on July 4 for other Jack Russells whose griet-stricken homes are in every part of the land.—Paducah News-Democrat.

SEVENTH MAN

Charged With Complicity in Col. ley Murder Under Arrest.

Another line of the men under indictment here for complicity in the murder of Col. Alfred Guard Robert H. Coffey sent to the penitentiary last fall, was arrested last Sunday at Grand Rivers by detective Ped Porter. His name is Jim Merrick. The prisoner was brought here and lodged in jail.

Merrick makes the seventh man arrested in connection with the assassination. Five of them are in jail here and two, J. W. Anderson and Burrell Wiley, are out on bond for their appearance at the fall term of Circuit court.

THE FINEST OF ALL.

Trigg County Pearl Weighing 30 Grains.

Mr. R. C. Hardwick has in his possession the finest pearl ever found in the pearl fisheries of Little River. It was found in Trigg county and the original finder was paid \$25 for it. Mr. Hardwick has not stated what he paid for it, but it is worth commercially about \$300, or ten dollars a grain. It weighs 30 grains and is as large as a hazel nut. It is almost round, being slightly indented on one side. It is perfectly clear and a most beautiful gem.

MARRIED SIX YEARS.

Abandonment alleged in Suit for Divorce Filed Wednesday.

We were very friendly with us, and with half a ton of rice from the time that we received our first commencing order, indeed, our only chance of closing with our enemy was to cut him off from the rear. We were not far from the mouth of the Juma when we saw 30 miles from Chichonkeup. After getting over the first 30 miles at a steady trot, we were met by a very strong force of the enemy, and a very strong military outpost, and half for the first time, but with all our arms we were on our guard. DEMOCRATIC TICKET

FOR JUDGE COURT OF APPEALS,
JUDGE THOS. J. NUNN,
OF HOPKINS COUNTY.

FOR CONGRESS,
HON. A. O. STANLEY,
OF HENDERSON COUNTY.

ARE THE PEOPLE PLEASED?

Under the heading "Pleased People," the New Era of Wednesday published the following remarkable compilation of errors:

"At the adjourned meeting of the city council last night the telephone question was decided in a manner that will meet with the general approval of the citizens of Hopkinsville. The city entered into a contract with the Cumberland Telephone & Telegraph company that insures a first class service in every way and at reduced prices."

"Last Friday night, the council, being aware that the Cumberland company owned a franchise to do business here, purchased from the East Tennessee Telephone company in 1893, and knowing well that the citizens were greatly opposed to the franchise, the council, in order to contend with the advantages of two telephone systems, rejected the \$3 bid of J. E. Mott, of Huntington, Ind., for a franchise."

"Last night, by its attorney, Mr. Hunter Wood, the Cumberland Telephone Co., notwithstanding that it owned a valid franchise, used the same agreement which was first determined on by the city's committee and the representatives of the Cumberland Telephone Co. accepted this proposition and it was formally adopted in the shape of an ordinance."

In this whole statement of alleged facts there is hardly an atom of truth.

The deal made was not a legal contract, but an unlawful and unconstitutional grant, made over the protest of the people of Hopkinsville.

There is no reduction of prices, the only concession being a change of instruments a year hence.

The Cumberland company has not since Aug 2 owned any franchise in the city and is today without legal standing in Hopkinsville.

The Cumberland Co. never at any time purchased a franchise from the East Tennessee company, for the reason that the franchise of that company was repealed 15 years ago and its poles declared a nuisance and ordered removed.

The people are not opposed to the Mott franchise, because most of the business men, patrons of the Cumberland, have entered into a contract to patronize the proposed new company.

The Cumberland company cannot under the constitution and charter renew or extend an exclusive franchise and it cannot oblige any franchise without buying its rights in the open market.

Stripped of these errors, the only fact remaining is that the council met.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure it with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by P. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials! Address P. J. Impaired Digestion

May not be all that it seems to be, but it will be if neglected.

The unwholesome eating, fits of nervous headache, sourness of the stomach, and discomforts of the bowels are not very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which strengthens the whole digestive system.

The Cumberland company acquired no rights from the East Tennessee company. Such a company was granted the "privilege" of operating an exchange in Hopkinsville Feb. 7, 1882. For awhile it did operate and then failed. On Feb. 1, 1887, the council called upon it to appear and show cause why it should not have its "privilege" annulled. The company failed to appear and July 5, 1887, four months later, the council recited its failure to do so and formally annulled and repealed its franchise by the following ordinance:

"Whereas said poles and wires are in the way and inconvenient to have in the city with no benefit being derived therefrom.

"Therefore it is now ordained by the Board of Council of the city of Hopkinsville that said telephone poles and wires are hereby declared a nuisance and the owner or owners thereof are required to remove said poles and wires within sixty days from this date."

On the same page appears this: "S. H. Turner for himself and associates having applied to this board for the exclusive right for the period of 15 years to run and operate a telephone exchange in this city, said franchise is here granted to said Turner upon such terms, conditions and stipulations as may be agreed upon between him and this board at its next regular meeting, or at a called meeting prior to the next regular meeting, but the city nor this board is not in any way to be liable to said Turner in case it may hereafter be determined that this board has no legal right to grant said franchise to said Turner."

One month later, after examining to the legal aspects of the case, the council did grant the promised franchise, a part of section 1 reading as follows:

"That said S. H. Turner and his associates are hereby granted the EXCLUSIVE right for and during the period of 15 years from this date to operate a telephone exchange in said city."

It not only repealed the old franchise but made the new one exclusive, thus destroying the last vestige of the rights claimed by Mr. Wood, under the alleged purchase from the East Tenn. Co. years later. The Cumberland bought the exclusive franchise from Furrer's assigns, knowing it to be exclusive and its present claim to a "valid unlimited and unrestricted franchise" rests on no firmer ground than the unsupported word of its own attorney.

In addition to the fact that the Cumberland's franchise no longer exists, the further fact is proven by the records that the Cumberland had forfeited its rights years ago by collecting money for services required to be free under the terms of the franchise and by charging exorbitant rates. This is a condition of its franchise:

"The owners shall not charge higher rates for telephone service or use of instruments than is usually charged by telephone exchanges doing good services in other cities of like size and like number of phones, and the owners and operators of said exchange shall furnish the city at police headquarters the use of said telephone exchange and instruments free of charge."

It can be proven that the rates here are higher and the service poorer than in many cities of the same size on the Cumberland's lines and the city has years been required to pay for the use of its phone at police headquarters, as shown by receipted bills on file.

Councilman Jackson pleaded for a postponement in order that the council might act advisedly, but the alleged grant was hurried through without investigation and the city will be fortunate if the bad advice given its councilmen, and so readily accepted, does not involve the taxpayers in expensive and burdensome litigation.

No wonder the people are characterizing the alleged contract as the most high-handed proceeding ever given official countenance in Hopkinsville.

It was all a mistake: Bailey has not made up with Beveridge and Beveridge will not take the stump in Texas.

The Southern Mutual Life Insurance Company of Kentucky has merged or consolidated with the Illinois Life Insurance Company of Chicago, and it is not altogether clear what is the present status of 11000 policy holders of the Kentucky company. Its officers claim that it is greatly strengthened and its policy contracts "made secure beyond peradventure."

At Lone Oak, McCracken county, Tuesday, hailstones fell as large as guinea eggs. The ground was literally covered with the hail. A party of young people gathered up a large amount of the hailstones and, procuring milk, made ice cream at the residence of J. J. Sanders, using the globules to freeze the mixture.

LOCAL OPTION ELECTION

To be Held in Bennettsown Precinct September 6.

Gus Miles, judge; W. G. Fox, clerk; and J. S. King, sheriff, the regularly appointed election officers for Bennettsown voting precinct, No. 19, in Christian county, have been directed by the court to hold an election on Saturday, September 6, upon the question of whether or not spirituous or malt liquors shall be sold in said precinct. The precinct has been "dry" for fifteen or twenty years.

Only a Mask.

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, builds up the whole system.

REMARKABLE PROJECT.

Hygeia Hotel to be Moved Across Water.

The Hygeia Hotel at Old Point Comfort, one of the largest in the United States, is to be moved eight miles across Hampton roads. The moving of frame and brick buildings several squares in an easy thing for the modern engineer, but rarely is a building moved across such an immense stretch of water.

The Hygeia is a frame building 400 feet long and the engineers have a difficult task before them. It will be hard enough to move the hotel from its present foundations to rafts or boats, but the transportation to Willoughby Spit, eight miles away, is the really hazardous part of the undertaking. Willoughby Spit has offered \$50,000 to the Hygeia's owner if they will deliver the big hotel safe and sound.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky offers the following courses of study, viz:

Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Entomological, Physiological, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate courses of study are also provided, leading each to master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than forty professors and instructors.

County Appointees receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The last and preceding Legislatures appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men.

Military tactics and science are fully provided for and required by Congress.

Graduated from the several courses of study readily find excellent positions and liberal remunerations. The demand is largely in excess of the ability of college to supply.

A YOUNG LADY'S LIFE SAVED

At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful result was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale by C. K. Wylie.

APPENDICITIS.

Some Facts Regarding Its Rapid Increase.

Appendicitis among Americans is certainly increasing and while this is probably due to the excitement and worry of American business life, it is more often directly traceable to constipation. Appendicitis is caused by extraneous matter entering the vermiform appendix and not by the swallowing of seeds. If the digestive organs are kept in perfect condition so the food is duly assimilated and the bowels move gently, at least once a day, appendicitis will never develop. Don't take chances. Regular doses of Dr. Caldwell's Syrup Pepsin before meals will strengthen the organs of digestion, your appetite will be good, constipation disappears and you feel better in every way. Dr. Caldwell's Syrup Pepsin does not relax the bowels by irritation, but by curing indigestion, the cause of constipation. All druggists sell it in 50c and \$1.00 bottles, under a positive guarantee. Write for book of testimonials to Pepsin Syrup Co., Dept. 5, Monticello, Ill.

FIRE NEAR TRENTON.

Mr. John Byars' Dwelling Destroyed Monday Night.

The residence of Mr. John Byars 3 miles east of Trenton, was destroyed by fire Monday night. Much of the furniture was saved. The fire originated in a defective kitchen flue. The building was a large frame dwelling and the loss is probably \$1,000.

GREATEST IN HISTORY

Will The Elks Fair at Lexington Be Next Week.—Great Stock Entries and Unvalued Amusement.

The greatest Fair in their history is what the Lexington Elks expect to give next week. Everything is in readiness for the big show and nothing will rival it in Kentucky this year.

President Harbison says the horse shows will be bigger and the cattle shows better than ever, and this with the daily automobile races, band concerts, running races, trotting races, and other varied amusements offered should go to make up one of the best shows of the kind ever attempted.

The first day, August 11, at the fair will be devoted to harness races. The rings will be for colts, stallions, mares and geldings up to three years old. For the best harness team \$120 in premiums will be given.

Tuesday will be set aside for Aberdeen-Angus cattle, mules, saddle horses, high stepping harness horses, roadster horses and the like. The premiums are all good for these rings.

Wednesday August 13 will be Short horn cattle day, with a splendid list of classes. Saddle horses, high-steppers, and general harness horses.

Thursday will be given up to the stock rings to Hereford cattle, roadster horses, horses and runabouts, high-stepping harness horses, ladies' saddle horses and saddle horses.

Friday, Shelton ponies will be shown in addition to walking, saddle, harness and roadster horses. The best boy rider under 12 will receive \$20; the second premium being \$15, and the third \$5. A mule race will be the closing feature of the afternoon this day.

Saturday will begin with the exhibition of dairy cattle, thoroughbred and various other kinds of horses. The beautiful Lawrence Jones champion \$300 cup, with reserve ribbon to second, offered by Mr. Lawrence Jones of Louisville, for the best high-stepping harness horse at the show, will be awarded this day, in addition to the Grand \$500 Challenge Cup, offered by W. D. Grand, of the American Horse Exchange, New York, for the best walk, trot and canter saddle horse at the fair. Only horses in the Southern and Middle States are eligible to competition for this cup. The trophy must also be won twice by the same owner before it becomes his property.

The speed ring programme will be one of the best ever seen at the Lexington fair.

DEMOCRATS TO WIN.

Congressional Elections Appear Safe for the Party.

Members of the Democratic and Republican congressional committees respectively, are already beginning to undertake to figure out the political division of the next house of representatives, which is to be elected in the fall. Both parties are making claim to the control of the lower branch of congress. The Republican managers profess to believe that the next house will be easily Republican, although they do not claim their majority will be more than 22. The Republican majority in the present house is 47, and, taking into consideration the fact that the next house, by virtue of the apportionment act passed by the Fifty-sixth congress, will have 29 more members than the present house, it is plain that they figure on heavy losses throughout the country. On the other hand, at Democratic headquarters in Washington a most sanguine feeling prevails over the outlook for party gains, and preliminary estimates place the Democratic majority in the next house at 35.

NO RELIEF

From The Present High Telephone Rates.

The Cumberland Dictates Its Own Terms in a Private Contract.

The Cumberland Telephone Co., which refused to bid on the franchise sold under the order of the Council July 24, played the card it had up its sleeve at a special meeting of the council Tuesday night.

It secured the adoption of an ordinance prepared by itself, fixing its own prices at the present high rates and practically extending its expired exclusive franchise indefinitely, without the formality of a sale and with no consideration whatever. By refusing to admit competition and renewing the exclusive franchise that expired August 2, the council handed the people over to the tender mercies of a corporation that has exacted exorbitant prices for obsolete instruments and indifferent service. The only conditions granted by the company receiving this valuable donation are that it promises within 12 months to replace the old and out-of-date instruments with new ones, to reduce party lines inside the city to two to the line and bind itself not to increase its rates beyond the present figures, which are now 50c to \$1 higher per phone, than the new company represented by J. E. Mott accepted as its maximum charges. As there are 600 phones in the local exchange, this donation by the council represents a cash outlay by the people of \$300 to \$500 a month, with no prospect of relief during the life of the present council.

Mr. R. E. Cooper, chairman of the committee of citizens appointed to petition the Council for relief, which committee was backed up by a majority of the voters in the several wards with strong petitions, appeared before the council and begged that body to listen to the voice of the people.

Some very plain language was used by Mr. Cooper who was assisted by Mr. J. M. T. Edmunds, attorney for J. E. Mott. By a vote of 5 to 2 Cumberland, scheme was put through. Councilmen Whitlow, Davis, Galbreath, West and Glass voted aye. Councilmen Jackson and Duncan voted no.

The Cumberland Company some weeks ago notified the council that its franchise was about to expire and the council ordered a sale without restrictions, the Cumberland of course expecting to renew its franchise without opposition. But the people took the matter up and a mass meeting was held and the council petitioned to protect the public from corporate oppression in the sale of the future franchise. The committee appointed by the citizens met with Cumberland officials and tried to secure reasonable concessions, but failed. The Cumberland attorneys labored industriously with the council to secure an agreement in advance of the public sale of the franchise, but it was made it was not divulged to Mr. Mott, who in good faith bought the franchise sold by the mayor at public outcry, after the council had apparently acquiesced in the expressed will of the people.

The purchase of the franchise, which had been strengthened by the written obligation of practically all of the business men to patronize the purchaser, was evidently an unexpected sequel to the fight for relief. If ratified—and Mr. Mott promptly paid the purchase price and offered to give bond—the long sought relief was in sight. He promised to begin work within thirty days and put in at once—a year hence—an improved system, backed by strong corporation, willing and able to compete with the Cumberland in its official headquarters, at a guaranteed saving to the people on the present basis of from \$3,600 to \$6,000 a year, to say nothing of its superior service. Confronted by this condition of things, the Cumberland changed its tactics. Although its attorney stated before the council that its franchise was about to expire, although the council after mature consideration accepted this as a fact and ordered the sale and did actually sell the franchise and ac-

cepted the franchise, the Cumberland next came forward with the ridiculous claim that a permit given a defunct company in 1882 to erect poles and string wires in the streets at a time when the constitution did not require the sale of franchises, was in effect a perpetual franchise to the Cumberland Company, which claims to have bought out the former East Tennessee Company. The permit was given before the granting of the S. H. Turner franchise, under which the Cumberland has been operating and was in no sense an ordinance or a franchise. It was such a permit as would be given a citizen to erect a hitching post in front of his door.

But something had to be done and any old pretext was better than none and so three days after the franchise had expired the council was convened and the unlawful extension granted. The council complacently reversed itself, set aside its own action in selling a franchise and entered into a contract with a company that refused to go into the open market and buy a franchise it attempted to acquire in a private deal. It is not believed that Mr. Mott will tamely leave the city and the business men of Hopkinsville stand ready to back his company with their moral support and patronage.

Literary Item.

The movement in the Catholic church back to the personal Christ has found its first exemplification in a noble volume on the Life of Christ by Rev. Walter Elliott, the well-known Paulist, whose Life of Father Hecker created such a stir a year or so ago through a faulty translation into the French.

Elliott's Life of Christ has been out only two months, and it has already reached its third edition. While it stands for strict orthodoxy, yet it has a great deal that is new in its presentation of the various aspects of the Saviour's Life and Teaching.

It is issued from the Paulist Fathers' own press, at 120 West 60th Street, New York, and has nearly a thousand line-cut engravings.

Don't be Cheap.

Some people in Hopkinsville will send their work out of town, some few will carry their work to foreigners, (where 25c to 50c, or less, of water is used to do \$50 to \$75 of work—a real health officer). Now these same parties, when a member of their family gets sick or wants to leave the city and wanting laundry in a hurry, they brace up and carry their work to the Hopkinsville Steam Laundry. Now, why not do the white thing and give the institution your work all the time, and not make it a matter of convenience. Anyone can do better laundry work in two days than they can in one day. So if you are suited by the Hopkinsville Steam Laundry with work they get out in one day, you certainly can on two days work be still better pleased.

Pardoned Murderer's Crime.

Dick Venson, pardoned from the penitentiary three weeks ago, where he had been sent for murder, met Joseph Sweetman, the attorney who had prosecuted him, on the street in Ashland Saturday, knocked him down and plunged a knife into his shoulder. It is convicts of this kind for whom the greatest pressure for pardon is always being brought and who are generally the kind that are granted pardons. Why not allow the few murderers who are convicted in this state to remain in prison? Every time one is liberated other lives are jeopardized. We need to arouse a public sentiment in Kentucky that will put to stop such practices, as this—Owensboro Messenger.

The West Kentucky operated several exchanges, all of which are included in the deal.

CONGRESSMAN FITZPATRICK

Says Per-una is a Splendid Cathartic Tonic.

Congressman T. Y. Fitzpatrick.

THE T. Y. FITZPATRICK, Congressman from Kentucky, writes from the National Hotel, Washington, D. C., as follows:

"At the solicitation of a friend I used your Peruna and can cheerfully recommend your remedy to anyone suffering with catarrh or who needs a good tonic."—T. Y. FITZPATRICK.

A Good Tonic.

Per-una is a natural and efficient nerve tonic. It strengthens and restores the activity of every nerve in the body.

Through the use of Per-una the weakened or overworked nerves resume their natural strength and the blood vessels begin at once to regulate the flow of blood according to nature's laws. Congestions immediately disappear.

All phases of catarrh, acute or chronic, are promptly and permanently cured. It is through its operation upon the nervous system that Per-una has obtained such a world-wide reputation as a sure and reliable remedy for all phases of catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Per-una, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

RADICAL IN POWER.

New French Ministry Has Several Strong Points.

Premier Combes Has Gathered Around Him a Group of Men Who Are Not at All Radical in Character.

The ministry, of which M. Emile Combes is the chief, and which is the first cabinet that has existed in France since the downfall of the empire on September 4, 1871, is described as "the most radical and most anti-clerical cabinet" that has yet been constituted. If the electrifying posters and speeches of the individual members of the ministry be taken into account there might be cause for alarm lest radical or socialist theories propounded at the hustings be put into execution and render practical economical government impossible. But responsibility of office, and the collective common sense of a dozen experienced, quick-witted men, now, on many occasions in France, is likely to furnish the requisite ballast and give stability to the new cabinet even if this were not already guaranteed by the retention of M. Delescluse at the foreign office, and of the presence of such a sound business man as M. Rouvier at the ministry of finance. M. Emile Combes, who succeeds M. Waldeck-Roussieu as prime minister, is a man of retiring disposition, scarcely known outside the senate, where he was often vice president, and where for five years he has been the recognized leader of the radical group. In spite of his 57 years "Pere Combes," as he is called at the Luxembourg palace, is vigorous and energetic. He is a white-haired, wiry man, five feet three inches in height. His bright, sparkling eyes are half concealed by gold eyeglasses, and he glides about at a rapid pace, often with a book of portfolio under his arm, like a little white mouse. He was brought up in the Roman Catholic seminary at Albi, and his

Pitching say a hard work on anyone, but for the man who has the least tendency to bronchitis it is dangerous, because of the small particles of dust and chaff which are inhaled and greatly irritate the throat.

Bronchitis and other diseases of the organs of respiration are cured by the use of Dr. Pierce's Golden Medical Discovery. This great remedy is not to be classed with common cough medicines, which are mainly opiates. There is no opium in "Golden Medical Discovery," and it is entirely free from cocaine and all other narcotics. It is a non-alcoholic and non-narcotic medicine. It heals the inflamed tissues, cures obstinate, deep-seated coughs, bleeding lungs and other conditions, which, if neglected or unskillfully treated, terminate fatally in consumption.

"I wrote to you for advice and you advised me to take 'Golden Medical Discovery' and 'Pleasant Pellets,' which I did, and to my surprise got well," writes Mr. Joseph A. Vallery, of Forman, Ill. (Box 3). "Had what the doctors called bronchitis, and whenever I would take cold would suffer greatly, but since taking two bottles of Dr. Pierce's Golden Medical Discovery and one bottle of his 'Pleasant Pellets' have been cured of that terrible trouble. Before taking your medicine I weighed one hundred and twenty pounds; now weigh one hundred and thirty."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Dr. Pierce's Pellets cleanse the system from accumulated impurities.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE AMERICAN MONTHLY REVIEW OF REVIEWS is commended by Statesmen, Professional men and thousands of others prominent in the world's activities, for its fine discrimination in sifting the actual news from conflicting report and the presentation of current events in their just proportion. They comment on its freedom from daily-paper sensationalism. All men and women who want to know what the world is doing find it an intellectual necessity, to judge from the letters received from hundreds. Its editorials are comprehensive, and labor saving to the busy man or woman. Its timely contributions on important topics are by the best-informed writers. Its reviews of other magazines give the best of their best work. It is profusely illustrated.

These letters will make all thoughtful men and women to judge of its value to them:

PRESIDENT
"I know that through its columns views have been presented to date it very highly indeed. I think me that I could not otherwise have a very important part of my had access to; because all earnest library, and practically a necessity and thoughtful men, no matter for one in public life, how widely their ideas diverge, are given free utterance in its columns."
—Theodore Roosevelt.
EX-PRESIDENT
"I consider it a very valuable addition to my library."
—Grover Cleveland.
"It is a publication of very great value. I have sometimes found there very important matter indeed which I should not otherwise have discovered."

Coal Office Removal.

I have moved by coal office to the Underwood variation on the L. & N. R. R., near "Acme Mills."

I take this method of thanking you for the business you gave me last season. I certainly needed it, and as "a friend in need is a friend indeed" I certainly appreciated it. I am in much better position to serve you now, as I have made my arrangements to sell the best coal on the market. I have had my scales cleaned and tested as the following certificate of which this is a copy, is held by me and posted at my office.

Louisville, Ky., June 11, 1902.—We have this day tested this scale and the same is correct.
Fairbanks, Morse & Co.
Signed, Geo. B. Woodware, Agt.

When I sell you "lump" coal you get lump coal and not "mixed" coal, and the other grades the same way. I am in the coal business to stay and expect to make an living out of it. I want your trade; I will appreciate it. I will treat you honestly. If you want your coal house filled now (the time to see me).

Very truly yours,
H. H. ABERNATHY, Agt.

YOUNG PEOPLE

Of Gracey Enjoy a Picnic at Cerulean Springs.

Gracey Ky., Aug. 4.—The old adage that Friday is either the fairest or the foulest day of the week certainly proved true the first of August, when, after a week of cloudy days, the sun shone bright and clear.

This was noticed particularly by the young people of Gracey neighborhood, who enjoyed a delightful picnic at Cerulean Springs on that day.

A number of married people graced the occasion by their chaperonage. Below are the names of those in attendance:

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling myself I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this remedy frequently and have never known it to fail in any single instance." For sale by C. K. Wyly.

Mr. N. L. Turger of Keyburg, Ky., has been in the city several days arranging to place before the farmers of the county The Farmers Business Record. We have personally examined the Record and unhesitatingly say that it is one that will be useful to every farmer. By its use every farmer can tell precisely what his profit or loss has been each year on every product of the farm. The manner of introducing the Record to the farmers is also unique. The farmer gets the Record without any cost whatever.

Went to Visit His Sister.

A. J. Cottingham went to Washington County, Ark., to see his sister and while there was taken with flux (dysentery) and was very bad off. He decided to try Chamberlain's Colic, Cholera and Diarrhoea Remedy and was so much pleased with the prompt cure which it effected, that he wrote the manufacturers a letter in praise of the remedy. Mr. Cottingham resides at Locustville, Ark. This remedy is for sale by C. K. Wyly.

Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.
